

Teen Takeover Event Recommendation

Got an idea for a library event? We want to hear it!

We're looking for your input to help shape awesome events at the library — created by teens, for teens. All events should be geared toward patrons in grades 6-12. Please share your ideas by providing the information requested below. Library staff will review the recommendations and pass them along to the Volunteens for a vote. Then, library staff and Volunteens will work together to plan host the selected event. We run this process four times a year, so there are plenty of chances to get involved.

Questions? Reach out to our YA Librarian at vanessa.hartel@co.tom-green.tx.us or call 325-655-7321.
